

MSH 400: Standard size saddle, London tan color - \$445

This harness has some stitching and leather imperfections. The leather on the saddle and breastplate is scuffed. There is a minor nick in leather on left bottom side of harness (will not affect function). Girth strap has been used (scuff marks present) and features D-ring on female buckle side.

Has Pull-rings without Infini-keys

Has D-rings for support pull handle, no mouse ears (*Mouse ears are necessary for support pull handle and will need to be added separately)

TALL support bars will accommodate any size MSH support handle up to 11"

Girth Strap: 29-32"

Belly Strap: 26-30"

Width: 8-9" (medium breastplate)

MSH 401: Standard size saddle, London tan color - \$435

This saddle has some stitching imperfections and has minor scuffing on the leather. The girth pad has white stitching while the rest of the harness has black stitching. Girth strap holes are off center.

Has magnetic latches on girth and belly straps

Pull-ring ready

Has D-rings for support pull handle, no mouse ears (*Mouse ears are necessary for support pull handle and will need to be added separately)

Girth Strap: 28-31"

Belly Strap: 28-32"

Width: 8-9" (medium breastplate)

MSH 402: XL size saddle, black color - \$420

Leather imperfections on top of saddle. There are some stitching imperfections on the breastplate, girth pad, and belly strap. Small, missing patch of shearling on underside of saddle.

Cannot accept Pull-rings (loop piece is broken so Pull-rings cannot be attached)

Cannot accept a Support Pull handle

Not compatible with Support Pull handle (mouse ears not present and cannot be installed retroactively on XL saddle)

TALL support bars will accommodate any size MSH support handle up to 11"

Girth Strap: 34-37"

Belly Strap: 33-37"

Width: 9-11" (large breastplate)

MSH 403: XL size saddle, black color - \$360

This harness has stitching imperfections and has some leather scuffs. Old style support bars (no holes for Pull-rings).

Cannot accept Pull-rings

Cannot accept a Support Pull handle

Girth Strap: 34-37"

Belly Strap: 33-37"

Width: 9-11" (large breastplate)

MSH 404: Standard size saddle, black color - \$395

This harness has stitching imperfections. Girth strap shows light signs of use and has assembly imperfection. Breastplate shows moderate signs of use. Breastplate most likely too large for saddle and a replacement will likely need to be purchased for proper fit.

Pull-ring ready

Has D-rings for support pull handle, no mouse ears (*Mouse ears are necessary for support pull handle and will need to be added separately)

Girth Strap: 29-32”

Belly Strap: 28-32”

Width: 9-11” (large breastplate)

MSH 405: Standard size saddle, black color - \$395

This harness has stitching imperfections. Some glue residue on D-Rings.

Pull-ring ready

Has D-rings for support pull handle, no mouse ears (*Mouse ears are necessary for support pull handle and will need to be added separately)

Girth Strap: DIY girth strap (minimum adjustment: 27” and maximum adjustment of 36”)

Belly Strap: 28-32”

Width: 8-9” (medium breastplate)

MSH 406: Standard size saddle, black color - \$395

This harness has stitching imperfections.

Pull-ring ready

Has D-rings for support pull handle, no mouse ears (*Mouse ears are necessary for support pull handle and will need to be added separately)

Girth Strap: 30-33”

Belly Strap: 29-33”

Width: 9-11” (large breastplate)

MSH 407: Standard size saddle, black color - \$260

SADDLE ONLY, no breastplate, girth strap, or belly strap. This harness has stitching imperfections and the leather is wrinkly on one part of the saddle. Scuffing of leather on lower right side of saddle.

Pull-ring ready

Has D-rings for support pull handle, no mouse ears (*Mouse ears are necessary for support pull handle and will need to be added separately)

MSH 408: Giant size saddle, black color - \$200

SADDLE ONLY, no girth or belly straps, stitching imperfections

This is an older style harness with knobs included—it was a display sample.

Cannot accept Pull-rings

Cannot accept a Support Pull handle

Comes with a discontinued badge: Service Dog / Do Not Distract with a red medical symbol in the middle, round patch
